

Support effective and efficient learning

ClinicalKey Student helps educators find and assign the right content, at the right time and level.

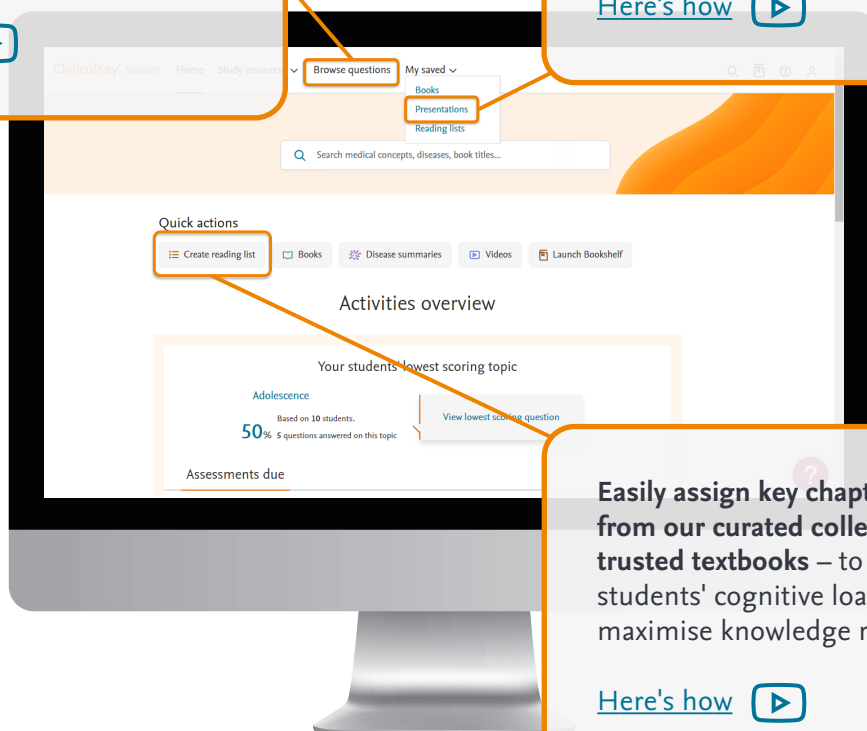

Did you know you can...

Simply browse questions* and add them to your teaching materials – to increase engagement and gauge student understanding in the classroom.

[Here's how](#) 

Quickly identify ready-to-use, high-quality content – so you can spend more time teaching and less time preparing slide decks.

[Here's how](#) 

Easily assign key chapter excerpts from our curated collection of trusted textbooks – to help reduce students' cognitive load and maximise knowledge retention.

[Here's how](#)
